# SMART CARE HUMIC

FERTILIZER

- A unique and advanced formula that helps activate vital processes within the plant.
- A natural root stimulant that increases the number of root hairs.
- A natural stimulant for plant cells and a rejuvenator of energy and vitality within the plant.
- It encourages the plant to form a strong shoot and helps create a healthy plant.
- It reduces the loss of fruit and small fruits.
- It improves the quality of fruits.
- It helps the plant withstand environmental stress conditions.
- It reduces the pH of the spray solution and then the plant absorbs it easily without being exposed to stress.

## Dosage:

2 liters/acre injected with irrigation water.

Can be mixed with most fertilizers and pesticides, but make sure to conduct a mixing trial before use
